## Gasoline Costs: Check Your Miles Per Dollar

Take a look at the difference miles per gallon (mpg) makes in the cost of running your vehicles.

Here's what you pay annually to fuel your vehicle...

If gasoline costs \$2.65 a gallon:

	Miles per year	Miles per year	Miles per year
	8,000	12,500	30,000
mpg city/hwy = 22/31*	\$684	\$1,061	\$2,565
mpg city/hwy = 9/15**	\$2,356	\$3,681	\$8,833

If gasoline costs \$3.65 a gallon:

	Miles per year	Miles per year	Miles per year
	8,000	12,500	30,000
mpg city/hwy = 22/31*	\$942	\$1,472	\$3,532
mpg city/hwy = 9/15**	\$3,244	\$5,069	\$12,167
